Live Outdoors, Life Afloat

Lola Charters

## Lola Charters offers a range of truly unique Norfolk Broads water experiences

Our qualified crew has a real passion for life afloat. They live and breathe the Norfolk Broads, ensuring that our guests have a truly memorable day. With years of experience of the area, we can either share your day as your hosts, pointing out places of interest and passing on interesting pieces of information, or we can fade into the background and simply let you soak up the atmosphere and enjoy the wonderful surroundings.

We operate every week of the year and guests will find that each season richly rewards its visitors in different ways: The summer months offer the weather and local regattas and in the winter, the wildlife and open waters are the main attraction.

## Meet Lola

35ft luxury cruiser - Fairline Targa 33

Hosted with friendly skipper and crew.

Lola, our flagship 35ft cruiser, is the most luxurious of our fleet. She has a fully stocked bar on board and can be used throughout the year thanks to full-heating and an all weather full cover.

When the weather is good the boat can be completely stripped back to offer access to the sunshine both from the stern and the bow of the boat.

Lola's spacious aft cockpit allows a group of up to 12 people to be seated together which works perfectly for alfresco dining or acts as a truly unique meeting room for business clients. However, you might prefer an afternoon of picnic and Pimms on the banks of the Broads or a sunset evening cruise sipping fine wines. Just a couple of the many options available to whet your appetite for your Lola experience.

## Luna

10ft Luxury rowing Boat with padded seating

Made for two and a picnic

For private use for exploring, bird watching & photography

## Lily & Co

Canadian Canoes for up to 3 people

For private use to see the places the big boats don't get to see.

Includes paddles and maps.

## Jake

A charming and classic small cruising yacht built in 1934 of pitch pine and oak, she is a long keel boat and a delight to sail.

At 30 ft, she can take up to 4 passengers all of whom can get involved in sailing.

## Pathfinder

Pathfinder is a beautiful 46ft Bluewater Yacht. Pathfinder is used to deliver a number of Authentic Leadership Programs with Corporate companies and local businesses as well as for peaceful cruises up and down the East Coast. Within an hour of being onboard you have the opportunity to take control of the yacht; hauling the sails and grinding the winches. She has a spacious living area and can sleep 8 comfortably. Pathfinder is moored at Lowestoft which allows for some great sailing down to Southwold, Shotley Point or up to Great Yarmouth. For longer cruises we can go across to the continent.

Meet the Lola fleet
